Tasks for Participants

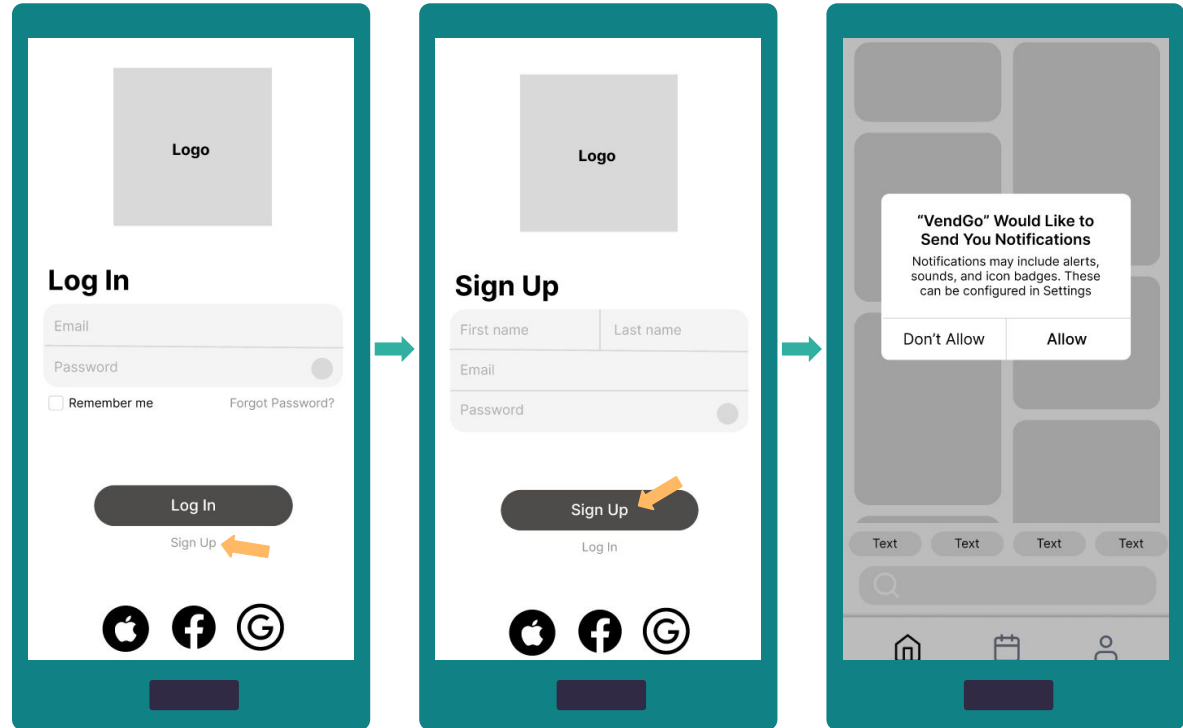

Each participant was asked to navigate through our prototype and complete 8 tasks.

<u>Task 1</u>	Sign up and make an account on VendGo.
<u>Task 2</u>	Like an event.
<u>Task 3</u>	RSVP for an event.
<u>Task 4</u>	Check and event host's profile.
<u>Task 5</u>	Check your own user profile.
<u>Task 6</u>	Check upcoming events.
<u>Task 7</u>	Find a vendor's products.
<u>Task 8</u>	Filter out searches.

Task 1: Sign Up Process

Intended Order:

- Click the “Sign Up” button text under the login button
- “Fill in” the required information
- Click the “sign up”

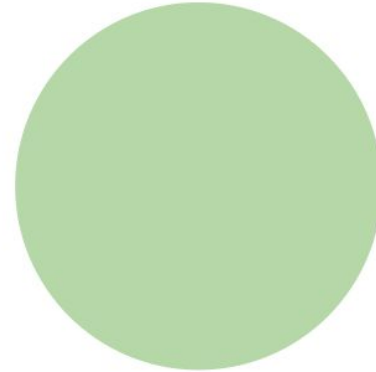

Task 1: Sign Up Results

***Avg Time Task
was Completed:***

- 29.98 Sec

% Of Completion

● Yes

Task 1: Sign Up Results

Name	Success	Time to Complete Task	Steps Taken	Extra Comments
Juliana	Yes	32 Seconds	- Immediately pressed the sign up button. - Clicked on the appropriate fields to sign up.	- Clicked other means of social media first to sign up.
Eddie	Yes	27 Seconds	-Repeatedly attempted to fill in information in the first name/last name boxes. - Eventually clicked the sign up button and completed the task.	-He also tried clicking in the other boxes not understanding that they were not clickable. -Should we make the first name/last name and other boxes clickable?
Kaylee	Yes	~ A Minute	- Clicked "sign up" under login. - Filled out first name, last name, email and password(?) -Clicked sign up.	-N/A
Truc	Yes	9.89 Seconds	- She clicked on the Sign Up button.	- Wanted to actually try to type in information in the Input Boxes.

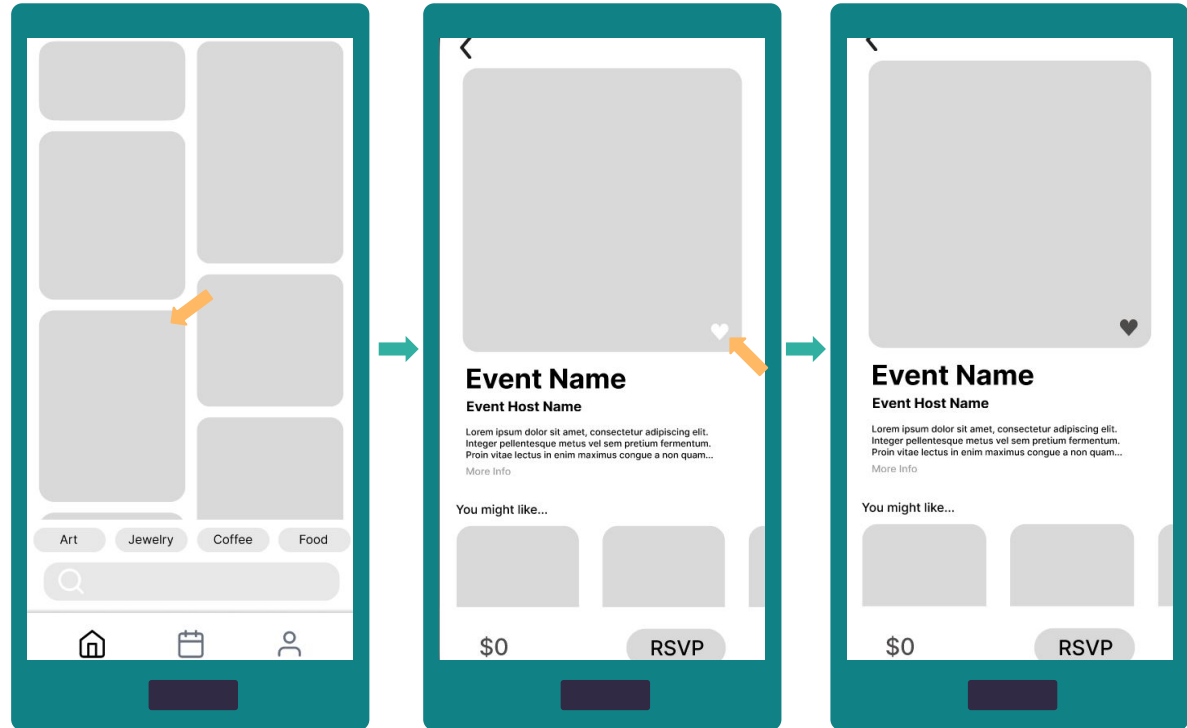

Task 1: Sign Up Results

Name	Success	Time to Complete Task	Steps Taken	Extra Comments
Olivia	Yes	16 Seconds	- Clicked the "Sign up" text under the login button. - Clicked the "Sign up" button.	- N/A
Marcus	Yes	75 Seconds	- Clicked the apple button at the bottom - Clicked the Sign Up button. - Went through the proper motions of signing up (can't time in the fields but clicked on them to indicate understanding).	- "I wish the sign up text was a bit darker my eyes are too old for that."
Arshiya	Yes	~ 60 Seconds	- Clicked sign up button. - Clicked create account.	-N/A
Kim	Yes	11 Seconds	- Clicked on sign up text. - Tried to type in info. - Clicked on 'sign up' button.	- N/A

Task 2: Like an Event Process

Intended Order:

- (Optional) Scroll on the homepage.
- Click on one of the gray boxes on the home screen (which represents events).
- Click on the heart icon.

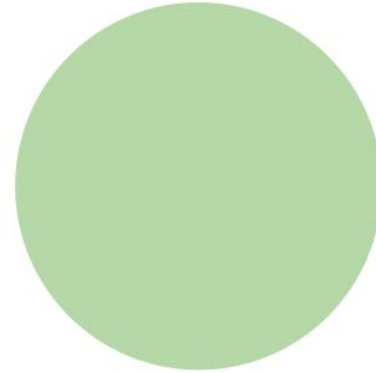

Task 2: Like and Event Results

***Avg Time Task
was Completed:***

- 12.5 Sec

% Of Completion

● Yes

Task 2: Like an Event Results

Name	Success	Time to Complete Task	Steps Taken	Extra Comments
Juliana	Yes	7 Seconds	- Started at the event vendor host screen, clicked the event button. - Immediately pressed the heart to like.	- N/A
Eddie	Yes	13 Seconds	- He scrolled around on the home page for a few seconds and then realized all the boxes were blank. - Once he clicked on one, he quickly found the heart icon and liked the post.	- N/A
Kaylee	Yes	15 Seconds	- He scrolled around on the home page for a few seconds and then realized all the boxes were blank. - Once he clicked on one, he quickly found the heart icon and liked the post.	-N/A
Truc	Yes	6 Seconds	- She went into the calendar tab - Clicked an upcoming event - Then pressed the heart	- N/A

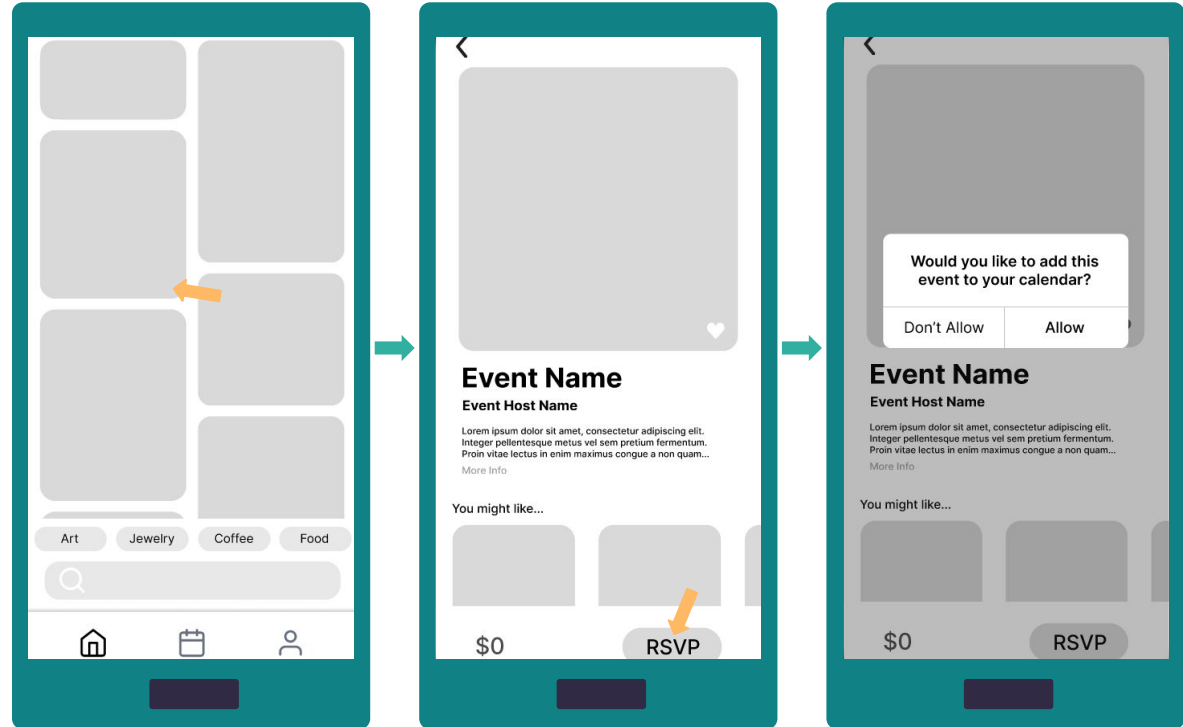

Task 2: Like an Event Results

Name	Success	Time to Complete Task	Steps Taken	Extra Comments
Olivia	Yes	11 Seconds	- Clicked the home page - Clicked the post - Clicked on the heart	- N/A
Marcus	Yes	22 Seconds	- Scrolled through home page for a few seconds - Clicked on a random one at the bottom - Hearted the event almost immediately	- "I can image what it will look like this my flyer in the boxes."
Arshiya	Yes	12 Seconds	- Went to calendar - Clicked first event she saw and clicked the heart	- Going to events could have been clearer, was not sure if calendar was the right place at first.
Kim	Yes	14 Seconds	- Clicked on the 'calendar' icon - Clicked on one of the event on the calendar page - Clicked the 'heart' icon	- N/A

Task 3: RSVP an Event Process

Intended Order:

- (Optional) Scroll on the homepage.
- Click on one of the gray boxes (which represent an event).
- Click on the RSVP button.

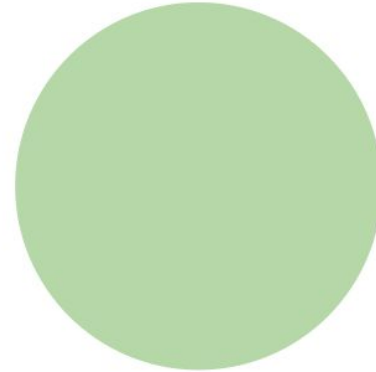

Task 3: RSVP an Event Results

***Avg Time Task
was Completed:***

- 5.6 Sec

% Of Completion

● Yes

Task 3: RSVP an Event Results

Name	Success	Time to Complete Task	Steps Taken	Extra Comments
Juliana	Yes	5 Seconds	- Started on the event page, clicked the RSVP button. - Allowed to calendar.	- laughed and said, "that was too easy."
Eddie	Yes	4 Seconds	- Since he was already on the event page, he quickly found the RSVP button. - He clicked it and then proceeded to add the event to the calendar as well.	- N/A
Kaylee	Yes	5 Seconds	- After liking the event, they clicked the RSVP button underneath.	-N/A
Truc	Yes	3 Seconds	- From the event page already opened, she pressed the RSVP button.	- N/A

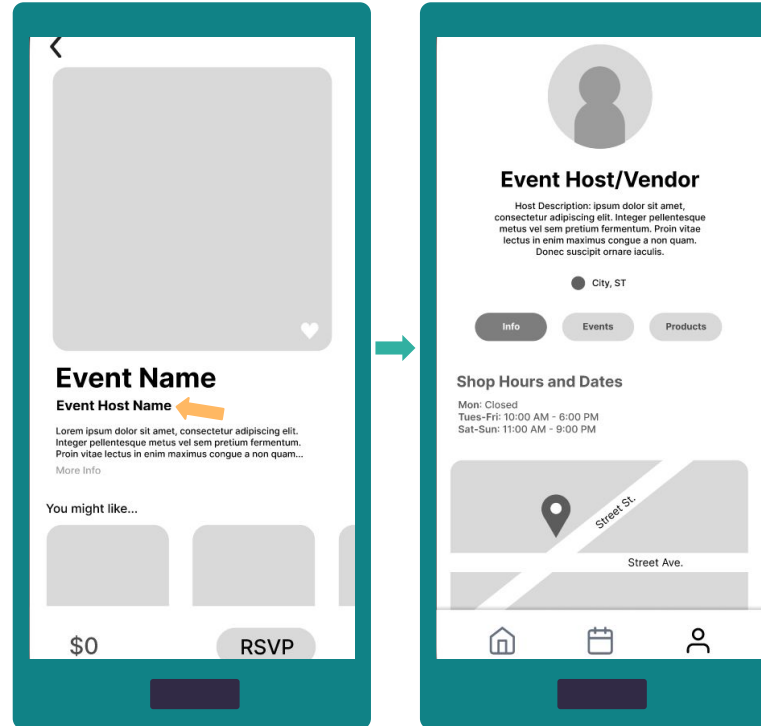

Task 3: RSVP an Event Results

Name	Success	Time to Complete Task	Steps Taken	Extra Comments
Olivia	Yes	4.5 Seconds	- Clicked on the post, clicked the "RSVP" button.	- N/A
Marcus	Yes	4 Seconds	- Clicked the large RSVP button. - Did not allow to calendar.	- "Now this text size I can see."
Arshiya	Yes	18 Seconds	- Went back to home - Clicked to calendar - Clicked event - Clicked rsvp - Clicked allow for pop-up notification.	- Faster looking for the rsvp button because she saw it when liking an event.
Kim	Yes	2 Seconds	- Clicked RSVP.	- User proceeded to answer 'allow' to the pop-up notification and it took her back to the event page - "What if I still want to look at the specific event page"

Task 4: Check the Host's Profile Process

Intended Order:

- Select an event.
- Click on “Event Host Name”

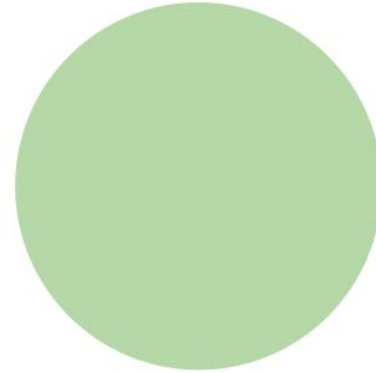

Task 4: Check the Host's Profile Results

***Avg Time Task
was Completed:***

- 9.3 Sec

% Of Completion

● Yes

Task 4: Check the Host's Profile Results

Name	Success	Time to Complete Task	Steps Taken	Extra Comments
Juliana	Yes	6 Seconds	- Pressed the Event Host area on the specific event screen.	- "Simple UI and very nice, I commend you for that."
Eddie	Yes	13 Seconds	- From the upcoming events page, he went back to the home screen. - He clicked on one of the events and then scrolled around for a few seconds before finding the event host name.	- Maybe the host name should be underlined or in a different color to make it stand out more?
Kaylee	Yes	10 Seconds	- Clicked on a event from home page. - Clicked on event host name under event name.	-N/A
Truc	Yes	2.57 Seconds	- After RSVP-ing she was led back to the Upcoming Events page, where she clicked an event and then the Event Host's name.	- N/A

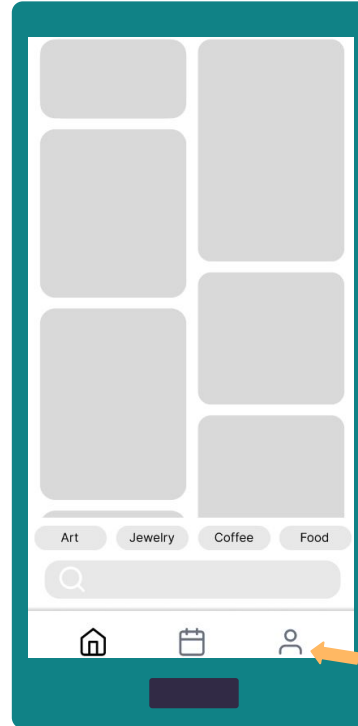

Task 4: Check the Host's Profile Results

Name	Success	Time to Complete Task	Steps Taken	Extra Comments
Olivia	Yes	5.9 Seconds	- Clicked on the home page. - Clicked on a post. - Clicked on "Event Host Name".	- N/A
Marcus	Yes	1.7 Seconds	- Since he didn't add to calendar he was still in the event page. - Immediately clicked the event host field.	- N/A
Arshiya	Yes	28 Seconds	- Stayed on the event page. - Clicked an individual event. - Clicked "Event Host" sentence. - Clicked around on info, events and products buttons.	- Very easy to find. Reminds her of a pinterest board.
Kim	Yes	8 Seconds	- Clicked on an event on the 'calendar' icon page. - Clicked on 'event host name'.	- "how do I go back? there is no back button"

Task 5: Check Your Profile Process

Intended Order:

- Click the 'Profile' icon at the bottom of the control bar of the app.

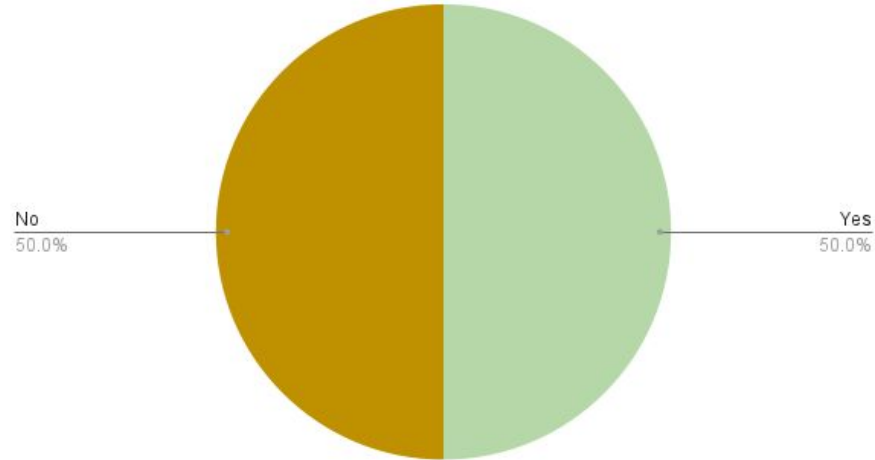

Task 5: Check Your Profile Results

***Avg Time Task
was Completed:***

- 12.85 Sec

% Of Completion

Task 5: Check Your Profile Results

Name	Success	Time to Complete Task	Steps Taken	Extra Comments
Juliana	No	N/A	- Clicked on the profile icon on the dock but was lead to the wrong page.	- Make the page available and change off of the host page.
Eddie	Yes	4 Seconds	- He immediately clicked the correct icon on the bottom menu.	- N/A
Kaylee	Yes	4 Seconds	- Went to home page. - Clicked bottom right profile button.	-N/A
Truc	Yes	3.6 Seconds	- Clicked the Avatar/profile tab.	- N/A

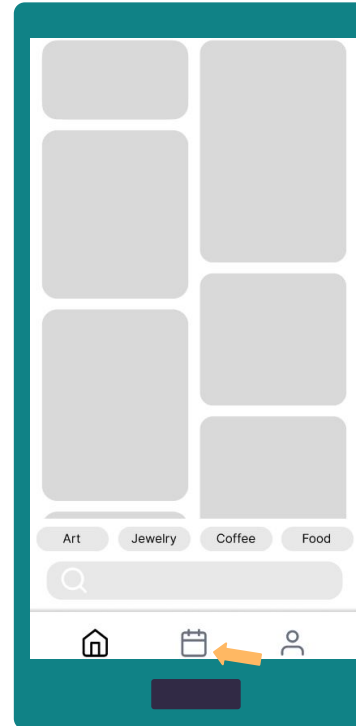

Task 5: Check Your Profile Results

Name	Success	Time to Complete Task	Steps Taken	Extra Comments
Olivia	Yes	5 Seconds	- Clicked on the icon with a person on the bottom control navigation bar.	- N/A
Marcus	No	N/A	- Clicked the the profile button but since there was no change on the screen he did not know if that was his actual profile. - Then assumed he was in his profile as a business owner.	- "This looks like the DUO insta page in Pinterest format. But I didn't know this looks the same as the event host button. I thought this would be a personal account you know. I like to shop too."
Arshiya	No	N/A	- Clicked Person icon, it didn't let her access it. - Went to home and clicked the person icon. It didn't work. - Asked to end task.	-N/A
Kim	No	N/A	- Tried to click on the user icon (didn't work). - Clicked on the 'home' icon. - Looked for back button. - Clicked on the 'calendar' icon. - Clicked on the user 'icon' but it said 'event host'.	- "Am I not on the page? (she was on the event host page) - "The icon (for the user profile) is darker, so doesn't it mean I'm currently on it?" - Can't access profile since the 'user' icon leads to 'event host' page - "What if I forget my log in information?"

Task 6: Check Upcoming Events Process

Intended Order:

- Click on the 'Calendar' icon at the bottom control bar of the app.

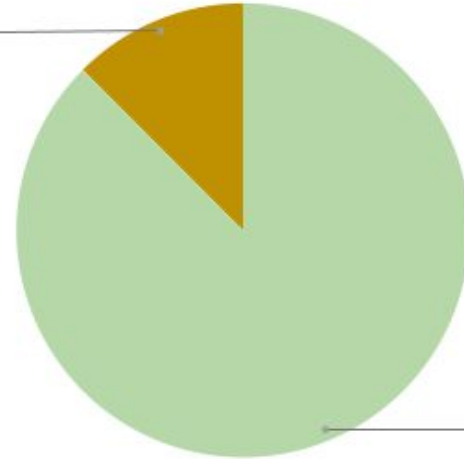

Task 6: Check Upcoming Events Results

***Avg Time Task
was Completed:***

- 16.88 Sec

% Of Completion

No
12.5%

Yes
87.5%

Task 6: Check Upcoming Events Results

Name	Success	Time to Complete Task	Steps Taken	Extra Comments
Juliana	Yes	11 Seconds	- Used the calendar icon in the dock.	- N/A
Eddie	No	N/A	- From the user profile, he clicked on the events tab. - When I asked him to try again, he clicked on the same tab again.	- After the test was over, I showed him where he should've clicked the calendar to view upcoming events. He was confused and thought that was the same thing as the events tab on the profile page. Maybe the events tab on the profile page should be changed to "Saved" or "Saved events" so as not to confuse the user?
Kaylee	Yes	~ 60 Seconds	- Went to home page. - Clicked the calendar button.	-N/A
Truc	Yes	2.2 Seconds	- Clicked the Calendar tab at the bottom of the screen.	- N/A

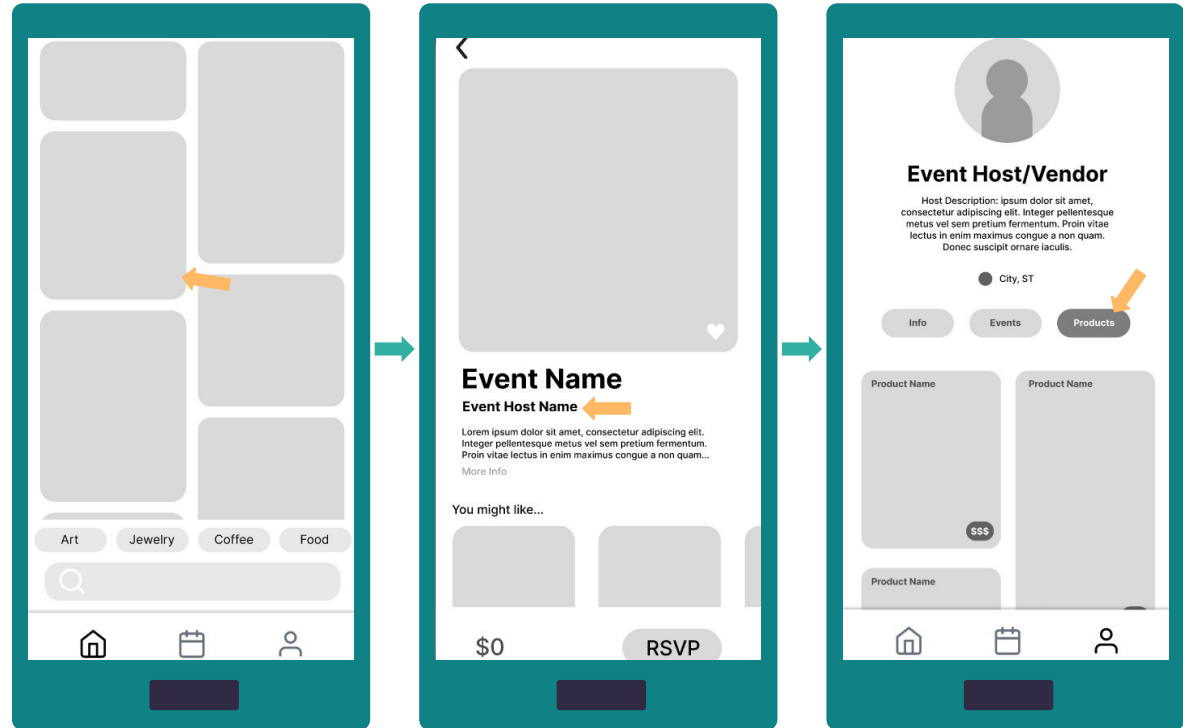

Task 6: Check Upcoming Events Results

Name	Success	Time to Complete Task	Steps Taken	Extra Comments
Olivia	Yes	3 Seconds	- Clicked on the calendar icon on the bottom control navigation bar.	- N/A
Marcus	Yes	23 Seconds	- Clicked on user events. - Clicked on home page. - Clicked on an event. - Scrolled down. - Clicked the calendar button.	- "Ahh I see. The events tab confused me."
Arshiya	Yes	7 Seconds	- Clicked Calendar. - Scrolled down the page.	-N/A
Kim	Yes	12 Seconds	- Clicked on the 'calendar' icon. - Scrolled.	- N/A

Task 7: Find a Vendor's Products Process

Intended Order:

- Select an event (from homepage or search)
- Click on 'Event Host Name'
- Click the products tab under the host's profile

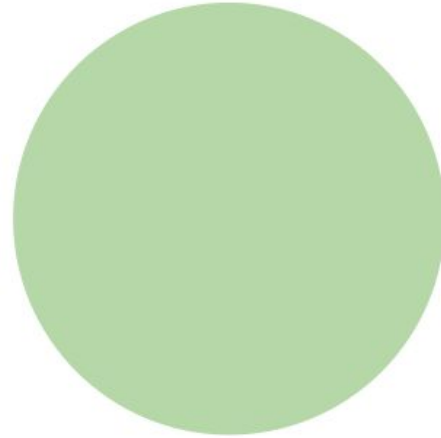

Task 7: Find a Vendor's Products Results

% Of Completion

● Yes

***Avg Time Task
was Completed:***

- 37.3 Sec

Task 7: Find a Vendor's Products Results

Name	Success	Time to Complete Task	Steps Taken	Extra Comments
Juliana	Yes	8 Seconds	- Coming from the tab on the host, they pressed the product tab in the event host/vendor.	- N/A
Eddie	Yes	52 Seconds	- From the profile page, he immediately clicked on the products tab. I asked him to try again and he became confused, not understanding that he was looking from his own profile page. - He tried scrolling through and clicking on products for a while. He finally gave up and went to the home page. He tried clicking on the art and jewelry tabs. - After that, he clicked on one of the events and scrolled through the page. He finally tried clicking on the event host name, and then quickly found the products tab from their profile.	- I think this task was so confusing for him because profile page and vendor pages look so similar.
Kaylee	Yes	3 Minutes	- Clicked on event from home page, clicked event host name, clicked on products.	-N/A
Truc	Yes	5.95 Seconds	- She went to the Upcoming Events tab, selected an Event, clicked the Event Host's name, and then finally selected the Products tab.	- Questions if she could search up the Host and the products instead.

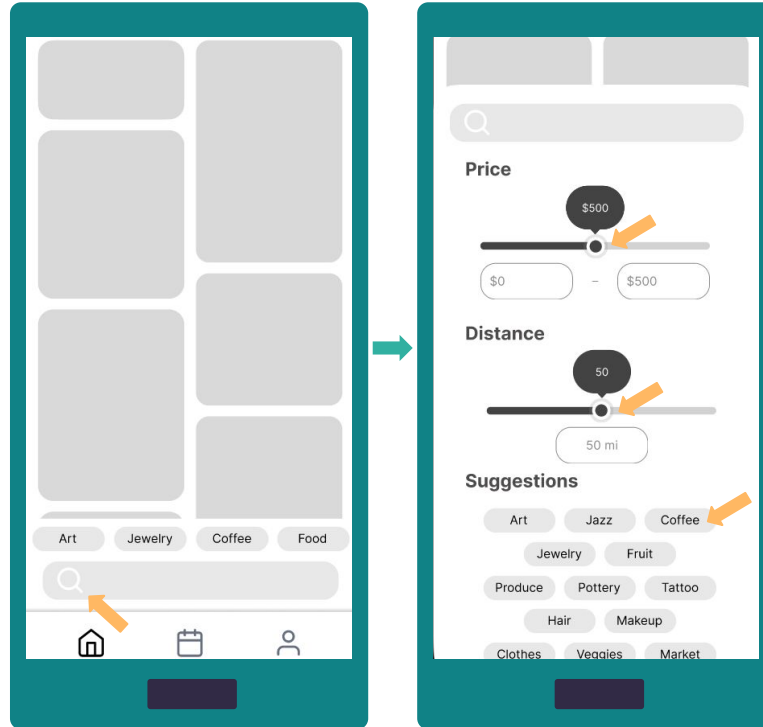

Task 7: Find a Vendor's Products Results

Name	Success	Time to Complete Task	Steps Taken	Extra Comments
Olivia	Yes	8.5 Seconds	- Clicked on the home page. - Clicked a post. - Clicked the "Event Host Name". - Clicked the "Products" tab.	- N/A
Marcus	Yes	7 Seconds	- Clicked on the home page. - Clicked on an event. - Clicked the event host. - Clicked the products tab.	- N/A
Arshiya	Yes	23 Seconds	- Clicked to home. - Clicked an event on the home page. - Clicked host name in the event page. - Clicked products on event host page	-N/A
Kim	Yes	14 Seconds	- Clicked on the 'home' icon. - Clicked on the 'calendar' icon. - Clicked on 'host name'. - Clicked on 'products' tab.	- N/A

Task 8: Filter out Searches Process

Intended Order:

- Click the search bar at the bottom of the homepage
- Use the slider for 'price' and 'distance' or click on suggestions

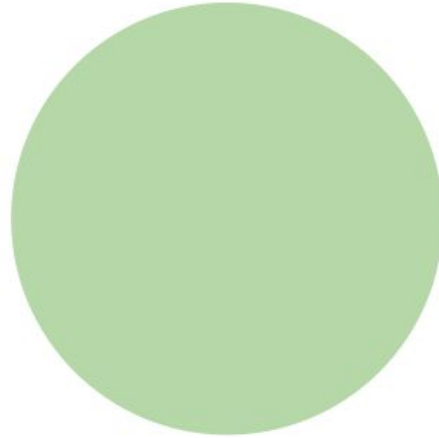

Task 7: Filter out Searches Process

% Of Completion

● Yes

***Avg Time Task
was Completed:***

- 17.79 Sec

Task 8: Filter out Searches Results

Name	Success	Time to Complete Task	Steps Taken	Extra Comments
Juliana	Yes	25 Seconds	- Used the home icon. - Pressed searches like 'Jewelry' and 'Coffee' tabs. - Took a little while before clicking search bar and discovering the filter options.	- "I didn't expect the filters to popup when touching the search bar, I thought they would be more with the other buttons." - "I thought it would scroll with the other button choices"
Eddie	Yes	20 Seconds	- He went back to the home screen and clicked on the search bar. - He recognized the toggle features and adjusted the price and distance. - He also selected a few of suggestions. From there he couldn't figure out how to apply the searches.	- I think we should add a button to apply the filters, like a "Done" button or "Filter" button.
Kaylee	Yes	30 Seconds	- Went to home page. - Clicked search bar. - Moved price & distance.	-N/A
Truc	Yes	3.30 Seconds	- From the Homescreen page, she clicked the Search Bar where the Filter tab opened.	- Would like to have Sort By/Filter feature outside of the Search Bar.

Task 8: Filter out Searches Results

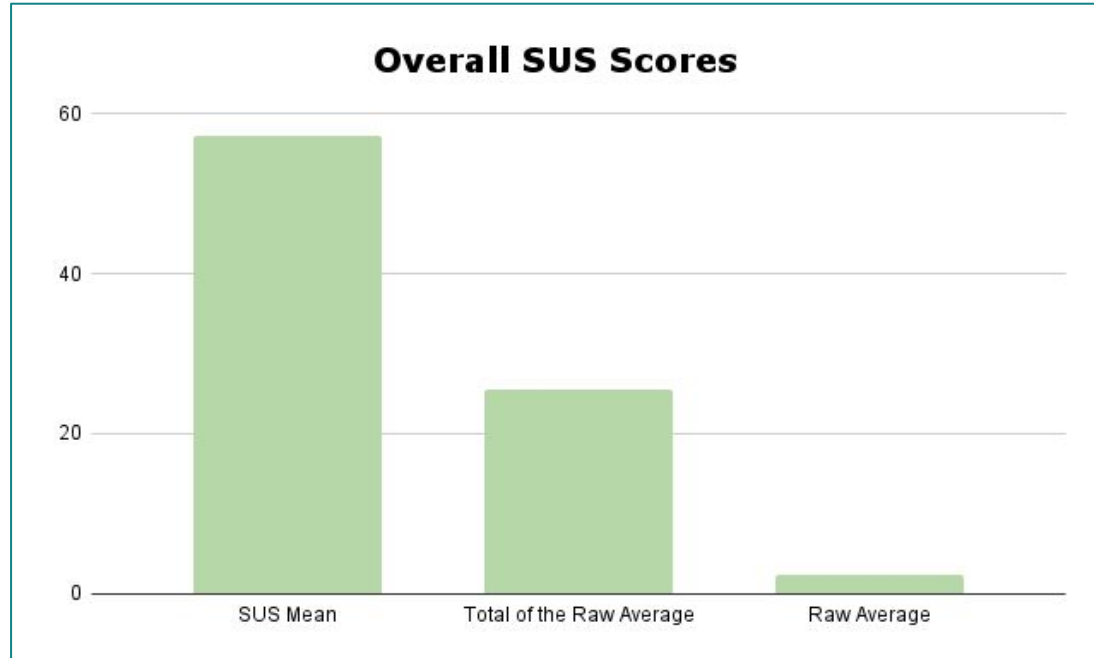

Name	Success	Time to Complete Task	Steps Taken	Extra Comments
Olivia	Yes	10 Seconds	- Clicked on the home page. - Clicked on the filter labels. - Clicked on the search bar.	- They seemed a bit confused at first when figuring out the search bar on the home page.
Marcus	Yes	17 Seconds	- Clicked on 'home' icon (multiple times). - Clicked the search bar. - Played his toggles. - Clicked filter tabs.	- "I like that."
Kaylee	Yes	30 Seconds	- Went to home page. - Clicked search bar. - Moved price & distance.	- Event host to home doesn't work (small interactive area, had to be clicked multiple time). - No 'done' button after filtering to search or no indication that the criteria are automatically used for search. - Could use some indication to swipe down to finish or a done button.
Kim	Yes	7 Seconds	- Clicked on the 'home' icon. - Clicked on the filters present on the home page.	- Selected filters without clicking on the search bar.

Overall SUS Score

- SUS Mean:
57.2

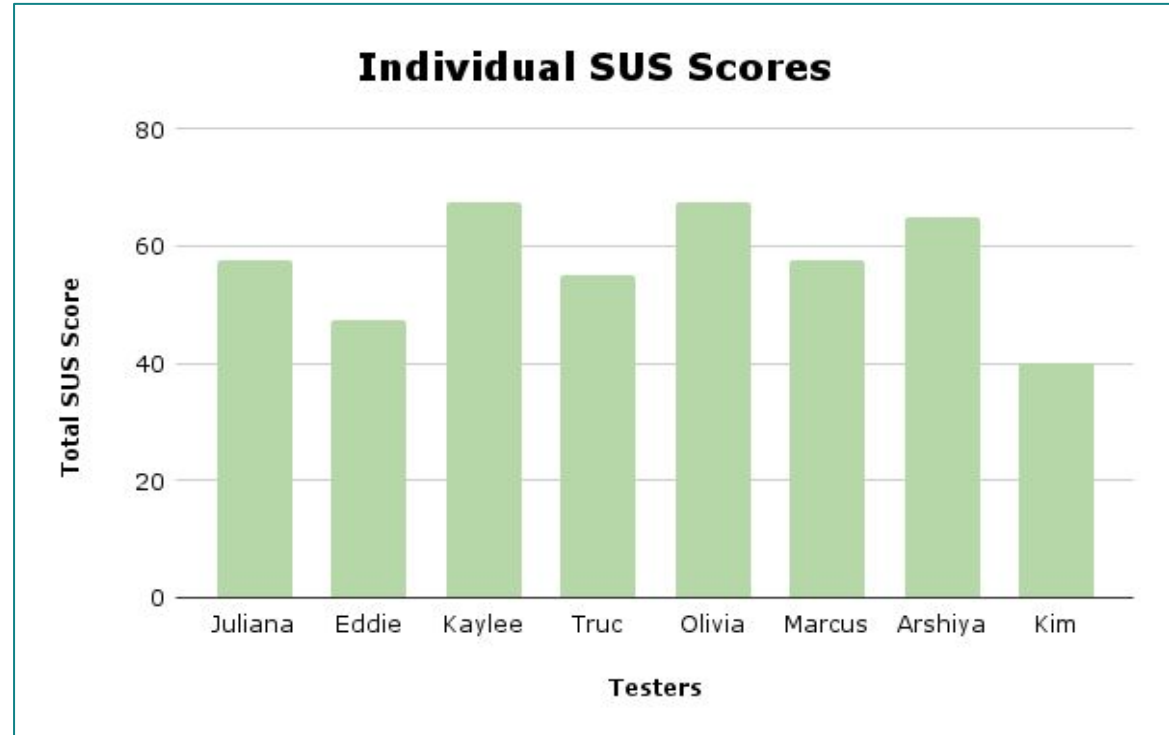

- Total of the Raw
Average: 25.625

- Raw Average
Per SUS Score
Question:
2.32955

SUS Score per Individual Tester

- Juliana: 57.5
- Eddie: 47.5
- Kaylee: 67.5
- Truc: 55
- Olivia: 67.5
- Marcus: 57.5
- Arshiya: 65
- Kim: 40

Plans for Improvement

Based on user suggestions and critique, we compiled a list of features to add or adjust in our clickable low fidelity design. We also brainstormed new ideas for pages and features that would improve user's overall experience.

Recently Added Features

- Added back arrows on the vendor host page
- When accepting “RSVP”, it doesn’t direct you to the calendar page
- Linked the user icon to the user info page
- Sign up text is a bit darker for increased visibility
- Added profile pic next to event host name
- Expanded the ‘forgot my password’ page

Suggestions

- Add down arrow on search bar/filter tabs for better indication OR enter key
- Merge events + products button into a “post” button for event host page visitors
- Add a “Follow” button to the event host page for page visitors
- Create a checkout page for in-app purchases
- Create a direct messaging page for buyer-seller communication

Takeaways From Testing

1. Most tasks were completed with a 100% success rate except “Check Your Profile” and “Check Upcoming Events
2. The Local Vendor App has *below average* usability according to the SUS results
3. The User Profile Page and Event Host page were hard for users to tell apart
4. There was confusion between the Events Page, Upcoming Events Page and the Calendar
5. Certain text needed more contrast for higher visibility
6. Nav Bar Icons need to be adjusted so the user is aware when they are on or off a page
7. There was a need for extra features to sort/filter information
8. More buttons to signify completion and return to past pages are necessary
